

Since the Wisconsin no-call law took effect, I have had almost no unsolicited calls from companies. My evening is now my own. I do NOT want to start getting telemarketing or other sales calls again. I do NOT want companies to be able to call me for a year and a half after I end business with them. I don't want to hear from them at all. I ended the business for a reason and definitely don't want to continue hearing from them!

The Wisconsin law is great and is protecting my privacy and my freedom. I am writing to ask you to let each state continue to listen to their people and make the laws for their own states.

Thank you.
